URBAN ITALIAN DESIGN

DOG WASTE BAG DISPENSER

ITEM CODE: UIDC1458

Outdoor dog waste disposal station featuring an integrated waste bag dispenser and collection bin. Designed to promote cleanliness and responsible pet ownership in public spaces.

Ideal for installation in parks, public gardens, pedestrian areas, residential complexes, dog parks, and other pet-friendly urban environments.

STRUCTURE

Manufactured entirely from galvanized steel sheet, precision-cut using laser technology and appropriately bent into shape.

Robust construction designed for outdoor public use.

Two integrated functional compartments: an upper waste bag dispenser and a lower waste collection bin.

WASTE BAG DISPENSER

Upper compartment designed for easy dispensing of dog waste bags.

Convenient access for pet owners.

Waste bags are not included in the supply.

WASTE COLLECTION BIN

Lower compartment designed for the collection of dog waste.

Equipped with an internal bag holder to secure the waste collection liner.

Rear access opening for easy waste removal and maintenance.

DIMENSIONS

Overall dimensions: 35 × 25 × 130 cm (H)

MATERIALS

Galvanized steel sheet structure.

Laser-cut and precision-bent steel components.

INSTALLATION

Anchoring system: Ground-level installation.

Suitable for permanent installation in outdoor public areas.
